BARBARA BLAZES TO SECOND PLACE ULMS FINISH

July 23, 2013 (South Park, PA) – The Forbes Field Motorsports team made the trek to Sharon Speedway over the weekend to compete with The National Dirt Racing League’s United Late Model Series (ULMS) in a 30 Lap, \$3,000-To-Win show. This would mark Keith’s second visit this season to the ½ mile oval in Hartford, OH where he picked up a seventh place finish back on April 20 (also a ULMS event). The veteran driver is no stranger to the speedway or the ULMS. In 2012, he claimed the \$3,000 ULMS prize on October 6. Entering the event, Keith’s confidence was high, knowing he has fared well here in the past. Prior to the race, he stated “Sharon is a track that has treated me well recently and we’re hoping it continues. We’ve had some decent finishes here and are confident that will continue.”

The ULMS utilizes group time trials and Keith certainly chose the right tires for the 6 man group qualifying session, as he would complete the fastest circuit of the bunch. Starting first in his heat would also prove advantageous, as the #17 MasterSbilt by Huey car came to the checkered flag in first place, leading each lap of the heat race and positioning himself for a 6th place start in the A-Main.

The South Park, PA native would find himself riding comfortably in the 6th slot until lap 22, when he started making his move to the front of the pack. As the laps ticked by, he had passed his way up to third place by lap 25, when the caution flags flew. On the restart, Keith made his way around the second place car, but there just were not enough laps left to catch the race leader. Barbara would finish second on the night. He said “The car was good, Lady Luck was on our side there and we avoided getting tangled up in some cautions. We’re definitely happy with the outcome tonight.”
